Report of School Board

FOR 1910

We have not much to say about our schools the past year. Our people know pretty near what kind of schools we have had.

Do all of the parents feel satisfied that they have done the best they could for their school? Some of the parents complain that the teacher does not use their children as they should be used. Your school board thinks that scholars are usually used as well as they ought to be and in some cases much better than they deserve.

We cannot have good schools unless the parents give their children to understand that they must obey the rules of the school. We think it very unwise for our people to tell their children that the teacher cannot teach them; and that the money is wasted and the school amounts to nothing.

We would like to see some of the same spirit that was manifested by our grandfathers, when they told their children that if they got a whipping at school they will get the same when they get home.

Our children should be taught self control.

Respectfully submitted,

WILLARD H. HUNKINS,	} School Board.
JOSIAH WHEET,	

Groton school board recommend to the selectmen to assess the following sums of money :

High school tuition	\$100 00
Text books and supplies	60 00
